ART FAIR ASIA FUKUOKA 2022
Fukuoka City

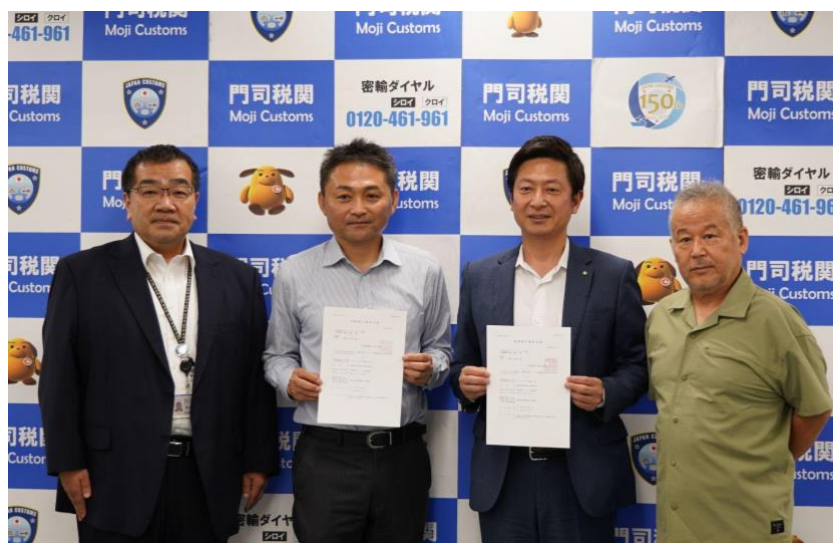

**First time in Kyushu to use the bonded exhibition space
for an art fair and satellite events
ART FAIR ASIA FUKUOKA 2022 opens on Friday, September 30th!**

Art Fair Asia Fukuoka 2022 opens on Friday, September 30th, 2022.

The fair is co-hosted with Fukuoka City for the first bonded exhibition in Kyushu. In addition, there will be many related satellite events and talk sessions with FaN Week to fill Fukuoka city with art.

(1) For the first time in Kyushu, we are using the bonded exhibition space system for an art fair!

This year, the fair organization worked on an application to obtain a permit for a bonded exhibition space. This will be the first art fair in Kyushu to utilize the system. September 2nd (Fri), a ceremony was held at Moji Customs in Kitakyushu City, Fukuoka, to receive the bonded exhibition space permit. Using the bonded exhibition space for an art fair still has some issues to be improved. We will continue to work together with Fukuoka City to solve the issues and promote the art fair furthermore.

(2) The Mayor of Fukuoka City, Takashima Soichiro, comments about ART FAIR ASIA FUKUOKA 2022

Aiming to make Fukuoka City a colorful city of art, we have launched “Fukuoka Art Next”. It will increase opportunities for the citizens to have easier access to art and also support emerging artists.

The 7th Art Fair Asia Fukuoka will be held jointly by the public and private sectors, with Fukuoka City fully participating for the first time. In addition, FaNWeek, an event to boost the city filled with art will start on September 23rd. Both Art Fair Asia Fukuoka 2022 and FaNWeek will bring the city of Fukuoka together.

The bonded exhibition space is used for an art event for the first time in Kyushu to invite international galleries, support emerging artists and provide our citizens experience with a wide range of artworks. We are celebrating the year to mark the good start of Fukuoka City to become more internationally valuable through contemporary art.

This is the first year that we are using a bonded exhibition hall which attracted the highest number, 75, of galleries from both Japan and overseas. We will also exhibit and sell the pieces that won Fukuoka Wall Art Project Awards at the fair.

We hope many people will come to the fair and experience contemporary art from all over the world here in Fukuoka.

The Mayor of Fukuoka City, Takashima Soichiro

(3) Special satellite events in multiple locations!

During the art fair, various events are scheduled at the Fukuoka International Congress Centre, including talk sessions with our special supporters and gallerists, art-related film screenings, and workshops with artists.

■ AFAF Art Film Festival 2022

We have carefully selected six films that offer a variety of perspectives on the world of art. We hope you enjoy them at the art fair.

(4) ART FAIR ASIA FUKUOKA 2022 Special Supporters

We have asked leading figures who have connections to Fukuoka to become our special supporters. As Art Fair Asia Fukuoka continues to take on new challenges, they are supporting us with high expectations.

We would like to introduce three supporters here in this second press release (listed in Japanese alphabetical order)

CAMPFIRE, Inc. CEO

Mr. Kazuma Ieiri

In the past, it was called Kyushu-ha (Kyushu school). Now, artists who originated from the street culture, have gained international recognition. Fukuoka's art scene is different from the one in Tokyo or any other city.

We hope that Fukuoka can become a special place to host the leading art fair in Kyushu and Asia.

Architect, President & CEO, Daio Co., Ltd.

Ms. Kyoko Matsuoka

A message squeezed from the bottom of one's special soul.

The joy of receiving the words and breath that resonate even in silence.

Whenever I come into contact with art, I feel my heart tremble.

Art also brings a completely different scene into the architectural space that I work on.

The mission of architecture is to create a certain finished form but art can bring in the beauty of incompleteness as well. With the fluctuations and changes, it draws us into space where the atmosphere changes constantly.

ART FAIR ASIA FUKUOKA is where galleries from all over the world will bring artworks to Fukuoka.

It is an opportunity to dive in and get lost in the sea of messages and absorb the energy of the artists through your skin. Imagine the space you want to immerse yourself in and then let's go on a journey together!

President, Aura Contemporary Art Foundation

General Producer, Kinan Art Week

Mr. Yuto Yabumoto

I've lived and practiced in Cambodia, Laos, Thailand, and other Southeast Asian countries for more than ten years. Southeast Asia is undergoing remarkable economic development, and the cityscapes and people living there are going under dramatic changes. It seems that a lot of things have been lost in the flow of modernization and urbanization. Contemporary art draws my attention because I feel that it is often contemporary artists in the Asian region who are resisting such a situation through their artistic expressions.

What can we do to maintain and develop "the unique value" that only exists in specific locations in Asia? And are we aware of that "unique value of each place" on a daily basis? Through this art fair, we hope to create a new place where we can address these issues.

(5) More online contents to help you enjoy the fair!

Artworks exhibited and sold at Art Fair Asia Fukuoka 2022 are now available on the special page in the Art EC Mall "Art Scenes". In addition, to enjoy AFAF, we will also be providing collaborative content on the page and on Instagram, such as introductions to galleries that are a must-see for collectors and easy explanations of artworks for those who are new to art fairs.

You can check out the articles before you visit the fair. You can also inquire about the artwork later on the Art Scenes page. Please visit the Art Scenes website to fully enjoy the fair.

A VR space, 3D scanned exhibition space, will also be open to the public during the exhibition. You can virtually look around the fair with your smartphone/computer/VR goggles. Artworks can be purchased online as well. If you cannot make it to the venue, please enjoy AFAF online.

■About ART FAIR ASIA FUKUOKA

ART FAIR ASIA FUKUOKA has been held since 2015 and is the only art fair in Kyushu, Chugoku, Shikoku, and Okinawa regions. Since Fukuoka has geographically and historically served as a window to Asia, we have adopted the theme of "building a bridge between Japan and the Asian art market" and aim to be an international art fair that not only introduces the domestic Japanese culture but also to introduce the artists who will carry the future of Asia and revitalise the Asian art market.
